THE STATE OF NEW HAMPSHIRE

TOWN WARRANT

To the inhabitants of the Town of Stoddard in the County of Cheshire in the said State, qualified to vote in Town Affairs:

You are hereby notified to meet at the Town Hall in said Town on Tuesday, the fourteenth day of March next at nine of the clock in the forenoon, to act upon the following subjects:

1. To choose all necessary Town Officers for the year ensuing.

2. To raise such sums of money as may be necessary to defray town charges for the ensuing year and make appropriations of the same.

3. To see what sum of money the Town will vote to raise for highways and bridges for the ensuing year.

4. To see what sum of money the Town will vote to raise for snow removal for the ensuing year.

5. To see what sum of money the Town will vote to raise for general expenses of the highway department for the ensuing year.

6. To see what sum of money the Town will vote to raise for Old Home Day.

7. To see if the Town will vote to raise the sum of one hundred eighty- nine dollars and twenty-six cents (\$189.26) for T. R. A.

8. To see if the Town will vote to authorize the selectmen to borrow money in anticipation of taxes.

9. To see what sum of money the Town will vote to raise for the Fire Department for the ensuing year.

10. To see if the Town will vote to raise the sum of forty-nine dollars (\$49.00) to advertise the Town.

11. To see if the Town will vote to accept the provisions of the Municipal Budget Act.

12. To see what sum of money the Town will vote to raise for street lights.

13. To see if the Town will vote to petition the State Tax Commission to have an audit made by the Division of the Municipal Accounting, and to raise the money to cover the expense of such audit.

14. To see if the Town will vote to take any action for the control of White Pine Blister Rust and raise the sum of four hundred dollars (\$400) for the same.

15. To see if the Town will vote to request the State Tax Commission to make a complete reappraisal of the land and buildings within the Town, to equalize valuations in accordance with the law and to raise money for this purpose.

16. To see what sum of money the Town will vote to raise for the upkeep of the new library.

17. To see if the town will vote to raise the sum of thirty-eight dollars and forty cents (\$38.40) as its proportionate share toward the support of the Elliot Community Hospital in Keene.

18. To see if the Town will vote to accept a bank account of one hundred dollars (\$100.00) the interest to care for the three lots listed below in the new cemetery at Stoddard, Timothy and Typhena Hunt and John Hunt, given by Ruth M. Cutter.

19. To see if the Town will vote to accept the sum of four hundred dollars (\$400.00) from the Estate of William Blanchard, the interest to be used for the care of the Blanchard lot.

20. To see what sum of money the Town will vote to raise for a tablet for World War II Veterans.

21. To see what sum of money the Town will vote to pay on money borrowed for truck and plow.

22. To see what sum of money the Town will vote to raise for a barn for road equipment.

23. To see if the Town will vote to raise the sum of eight-hundred dollars (\$800) for painting and repairs to Town Hall.

24. To transact any other business that may legally come before said meeting.

Given under our hands and seal this 18th day of February in the year of our Lord nineteen hundred and fifty.

REPORT OF TRUSTEES OF TRUST FUNDS

The spring and summer cleaning, mowing and grading at the cemeteries continues to be a problem to the Trustees due to the scarcity of labor when it is needed. This year it was done by borrowing the road crew for three days which may not be possible in the coming year. Improvements which are needed in several places must wait until the interest from general fund accounts is sufficient and until proper labor for the work can be had when wanted.

Two new Funds have been received by the Trustees during the year. One of these, and a third new Fund, are to be considered for acceptance by the Town at the Annual Meeting in March 1950.

The following is a summary of the year's expenditures:

REPORT OF SUPERINTENDENT OF SCHOOLS

To the Citizens of Stoddard :

The problems of present-day education are revolved around the question of exactly what will our boys and girls need for educational background to take them adequately through at least the next thirty or forty years of life. Frequently we meet the person who has to have penicillin or one of the other latest drugs for his ailment, has the latest television set and automobiles, or has the latest electrical gadgets in his kitchen; and yet is sincerely convinced that when it comes to education, the old methods of education are everlastingly good. Obviously these views are at least inconsistent and can be dangerous to the welfare of the community. Our educational objectives are influenced by our conception of how the child learns and of how the social setting in which he lives affects that learning. Science has made tremendous strides in developing knowledge along these lines just as it has in the fields of human comfort.

Here in Stoddard, your school has made amazing progress in bringing its educational program up to date. The sincere cooperation between parents and the school must have made the hard work of your School Board during this trying period, a little easier to bear.

To understand the new emphasis in education, requires a full understanding of the principles of democracy, the part the school must play in developing the democratic concept of government all over the world; and the immediate emergency confronting us if we are to even preserve our democracy. A first responsibility of a citizen in a democracy is of course to develop his ways of gathering information and of using it. Our school is doing an excellent job in this field as can be shown through examination of the records of graduates and on the basis of scores in national tests.

A second responsibility of a citizen in a democracy is to live as a democratic citizen. To do this, he must understand the democratic process thoroughly. Our schools have done a rather poor job in this area for the past fifty years and now we wonder how so many people can be lured into ever thinking about other types of government. The answer is obvious since people do not understand the process to which they subscribe. The question is then - - -

CAN DEMOCRACY BE TAUGHT?

A newspaper recently expressed intense surprise that so many highly intellectual people apparently were susceptible to the lures of Communism or some other "ism". Those who have studied education and its responsibilities have long ago discovered that democracy has to be thoroughly experienced in the classroom if it is to be understood and be lived later by these, children become adults.

Educators know that the book-worms so-called may likely not come to love and understand the democratic way of life, unless they really experience this way of life. School life has to be such as to let them live through real situations common to the democratic process. To achieve such partice will require teachers who understand the process of democratic living thoroughly, themselves. For some time now we have relied on the stories of wars and treaties to inculcate in our boys and girls, a burning love for our democracy. Democracy never has meant any such a thing to any one and consequently we have a world of people, some of whom give it lip service to democratic theories, but we find few who understand democracy as a way of life.

Teachers and parents too must emphasize the reasons for its success. Children have to learn how to live democratically in their schools and communities. Some schools will take longer than others to adopt a democratic way of life. When all children in our schools live and understand the basic principles involved, democracy will win over any ism" and a stronger democracy can force a lasting peace on the world, because of its intense effectiveness.

As Dr. Edgar Fuller, our former Commissioner of Education, so aptly put it: "New times demand new schools. Rote learning, lock-step teaching, "busy work" which wheedles hours away in meaningless memorizing or pointless copying are not suited to the needs of growing boys and girls. Neither are dingy, dark, and unsanitary buildings, creaking with memories which only the elder, looking back, revere --- The young people in our school should be living happily and working hopefully as friends and neighbors, building together a commonwealth of good citizens for a peaceful world."

CONCLUSION

Your School Board in compliance with your generous support has completely modernized the school house to a point where it is now a real joy to be attending it. The regional State Health inspector recently sent me a letter as follows:

January 18, 1950

Mr. Stewart McCormack
Superintendent of Schools
Hillsboro, N. H.

Dear Mr. McCormack:

I wish to congratulate you and the Stoddard School Board on the adding of four new windows to give more natural lighting. The general cleanliness of this school was very good, and I was glad to see that the doors opened outward.

Sincerely yours,

JOHN S. C. PECK, JR.,

Sanitarian, State Board of Health.

Except for a few lights which are needed, the physical appointments of your school make it outstanding in the area.

As pointed out previously, the scholarship development is most satisfactory when compared to national norms. Our development of democratic classroom activities is not quite as far along as our other accomplishments. We all realize the seriousness of the job ahead if we really want to preserve and promote the democratic way of life. This is a fundamental job of

American citizens. The schools have done a bad job so far. In Stoddard, your school has moved out in front with a wide awake program geared to present day needs of boys and girls and our future world. It takes loyal parents and interested citizens to encourage School Boards and teachers who make such enormous strides in education as has been done in Stoddard in the past three years.

It has been a supreme pleasure to take part in your progress and to have served your earnest and hard-working: Mrs. McClure, Mrs. Hill and Mrs. Mansell in their school board problems. Mrs. Lane and Mr. Jewett are also to be commended for their intense devotion to the problems of your school children.

Respectfully submitted,

STEWART V. McCORMACK,

Superintendent of Schools.

FOREST FIRES—OUR MOST SHAMEFUL WASTE

Everyone apparently fears fires but too many are careless with it. This is particularly true of fires in and near woodlands. Official figures show that more than 98 percent of all forest fires result from human carelessness and can be prevented. Consequently, we may say "Forest Fires are our most shameful waste".

Annual forest fire losses are tremendous and their effects far reaching. Such fires destroy the raw products of the forests, the protection forests provide for game and the supply of ground water. They upset local economies by drawing men from gainful employment and requiring the expenditure of public funds to extinguish them.

Our forest fire organization is doing a good job in keeping the size of fires small but the number of fires is increasing. In 1949 there were 100 more fires in New Hampshire than in 1948, but they burned 500 acres less. For the warden and his deputies to do the job they are capable of, they must have the cooperation of the public—YOU!

The primary objective of all fire fighters is PREVENTION—fire stoppage. This is the goal toward which your local forest fire warden and his deputies are constantly working. It can be achieved ONLY if YOU and YOU cooperate with them. It is worth YOUR effort and can be accomplished by:

- (1) Being careful with fire in or near woodland, being particularly careful with matches and cigarettes.
- (2) Securing the required written permit from the warden when the ground is not covered with snow.
- (3) Insisting that others be careful and comply with burning requirements.
- (4) Calling the warden promptly when fire is detected and aiding him to extinguish it.

Let's reduce the number of forest fires and eliminate our most shameful waste.

F. J. BAKER,
District Chief.

1949 FIRE RECORD—STODDARD

Number of Fires, 1.

Acreage Burned, 2.

Number of fire permits issued, 4.

Respectfully submitted,

WILLIAM F. LANE,
Forrest Fire Warden.
